AMERICAN OSTEOPATHIC
ACADEMY OF ORTHOPEDICS

SKILLS LAB

Saturday, January 26, 2019

Touro University Nevada

Henderson, NV

*Less than 30 minutes from
the Las Vegas strip!*

**Course is
limited to 16
participants**

Meeting Information

TARGET AUDIENCE

This one-day skills lab is designed for residents and osteopathic orthopedic surgeons in a general, sports or sub-specialized shoulder practice. This would include orthopedic surgeons who have completed sports medicine or shoulder specific surgical fellowships.

STATEMENT OF NEED

Recent studies have shown that there is a need for small group learning as related to surgical techniques. The AOA Skills Lab series is designed to provide hands on learning for smaller groups of osteopathic orthopedic surgeons.

OBJECTIVES

Upon completion of this skills lab course, the participants will:

1. Have reviewed basic arthroscopic shoulder anatomy;
2. Better understand subacromial space shoulder pathology that may be addressed by arthroscopy;
3. Have learned techniques to treat subacromial shoulder pathology by arthroscopic techniques including subacromial decompression, distal clavicle excision and rotator cuff repair;
4. Better understand shoulder instability and how to decide on cause of instability including soft tissue, bony deficiency or combined;
5. Have learned techniques of arthroscopic shoulder stabilization for soft tissue instability and open Latarjet Procedure for bony or combined instability.

AOA CME CREDITS

The American Osteopathic Academy of Orthopedics is accredited by the American Osteopathic Association to provide osteopathic continuing medical education for physicians.

The American Osteopathic Academy of Orthopedics designates this program for a maximum of 7 AOA Category 1-A credits and will report CME and specialty credits commensurate with the extent of the physician's participation in this activity.

LOCAL HOTEL INFORMATION

Listed below are Touro University's partner hotels. There is no contracted room block set aside for this lab. When you call to make a reservation, make sure to ask about special Touro University rates.

2018 Lab participants said:

Great place to hold this lab. Vegas is easy to get to. Would attend again.

Excellent course. Lab experience was excellent.

Good one on one instruction with time for questions.
